</html>

Summary

- 9 anna 2.5 floor, Price 55000000
- Everyone knows the area : Down the road from Cafe U, Sanepa
- Sussol could easily fit in the top .5 floor
- House built four years ago, Husband died three years ago, so house too big apparently.

- Great roof area for solar panel
- The basement has been rented out to a press
- Good parking space.
- Road at the back, so back door entrance possible. This means we get the sun.
- Sussol could Rent out the rest of the floors.

The bad

- Not a quiet road, but perhaps less busy that our current road.

Warren Buffet said : Invest in a company in which even a monkey can run.... With this building Sussol may achieve this....

The external rental may be able to sustain us even when the Sales are down.
